

## World-class video conferencing for the enterprise

Collaboration and communication – and better decision making – are all key to the success of today's enterprise organizations. But despite understanding what's needed, many organizations still don't have the right tools.

StarLeaf brings people together to work better, wherever they are. Uniquely in the industry, StarLeaf is truly built for the enterprise.

## Built for the enterprise, tailored around you

### For the enterprise

A premium experience every time

- Fully featured meetings service, with dedicated room systems for all your spaces
- Works as you do, integrating with business apps like Outlook, Google, Slack, Microsoft Teams and more
- Simple licensing so everyone in your organization can schedule and join meetings
- Designed to deliver great ROI
- Automated management, monitoring, and upgrades
- Unique data-driven insights, dashboards and room utilization reports

### Intuitively simple

We make meeting easy

- Intuitive and premium experience. It just works!
- Removes barriers to productivity in the meeting room, and at the desktop
- Effortless to schedule, join, share content, and add participants
- Seamless integration with your existing workflows
- Works across devices, video meeting providers, and technologies

### Secure

Our expertise, with you in control

- Certified to ISO 27001, the most respected information security standard
- Choose where your data is stored, so you're always in control
- Storage and transmission designed for compliance with regional data protection regulations
- Total platform ownership for more effective risk mitigation and response than other providers
- Plus encryption, authentication, firewall traversal, and more

### Reliable

No downtime, no disruption

- Reliability you can depend on
- No-one else offers 99.999% service level agreement in our industry
- We own our whole platform, so we can assure service availability
- Swift issue resolution to keep you productive
